

WHO IS GNA?

Gladstein, Neandross & Associates (GNA) is North America’s largest clean tech consulting firm and leads market development for advanced transportation technologies, low carbon fuels and energy.

For a media interview or speaking invitation, email media@gladstein.org

Delivering Value Through Expertise

Over the past 25+ years, GNA has:

- ✔ Managed the design and development of more clean fleet deployment projects than any other firm in North America
- ✔ Helped facilitate the development of some of the world’s largest clean fuel and EV fleet charging corridors
- ✔ Secured \$900+ million in grant funding for clients with >90% success rate
- ✔ Produced hundreds of educational events and targeted campaigns that influence tangible change
