Sustainable Diets, Food, and Nutrition: A Workshop

- When: August 1, 2018 August 2, 2018 (9:00 AM Eastern)
- Where: Q National Academy of Sciences Building (Lecture Room) 2101 Constitution Avenue, NW, Washington, DC 20418
- Topic Food and Nutrition
- Activity: Food Forum
- Board: Food and Nutrition Board

The Food Forum of the National Academies of Sciences, Engineering, and Medicine reviewed the current and emerging knowledge on the concept of sustainable diets within the field of food and nutrition. The workshop explored sustainable diets and relevant impacts for cross-sector partnerships, policy, and research. Workshop presenters discussed how sustainable diets influence dietary patterns, the food system, and population and

Sustainable Diets

Those diets with low environmental impacts, which contribute to food and nutrition security and to healthy life for present and future generations. Sustainable diets are protective and respectful of biodiversity and ecosystems, culturally acceptable, accessible, economically fair and affordable; nutritionally adequate, safe and healthy; while optimizing natural and human

resources. -- FAO and Bioversity 2011
